SOC CERTIFICATION EDITS/ALERTS – 4200 THROUGH 4299

Overview

Below is a list of messages detailing the number, message title and directive to resolve errors or alerts.

4200 INVALID AID CODE FOR PERSON WITH SOC ON FILE *REJECT*

The AID-CODE submitted on the transaction is not a valid aid code for persons with a share of cost on file.

ACTION: The MC177 form will be returned to the county for possible correction of the AID-CODE. If the recipient is in a zero share of cost AID-CODE on MEDS, follow the instructions on the DHS2208 form that was returned with the MC177.

4204 VALID MONTH IS FUTURE MONTH-INVALID FOR SOC PROCESS *REJECT*

A transaction was submitted to certify the record, but the CERT-DATE on the transaction is a future date.

ACTION: The Key Entry Unit will correct the CERT-DATE and resubmit the transaction.

SOC CERTIFICATION EDITS/ALERTS – 4200 THROUGH 4299, Continued

4205 SHARE OF COST CERTIFICATION COMPLETED *ACCEPT*

This is an information message to confirm that share of cost certification has been successfully completed.

ACTION: None.

4206 SOC CERT INVALID FOR RECIPIENT WITH NO SOC ON FILE *REJECT*

A transaction was submitted to certify a record, but there is no share of cost indicated on the file.

ACTION: The MC177 form will be returned to the county for possible correction of MEDS information. Follow the instructions on the DHS2208 form that was returned with the MC177.
